

**"Believe It
or Not!"**

"Any Student can learn all the Math needed to be Successful in Life!"

Easy and Fun like a Sport, and Frugally in both Time and Money.

This is all explained in Dr. Del's new book, ***Golden Rule Math for All God's Children*** which is available at Amazon: <https://amzn.to/2YLwKFv> for only \$29 for a printed book or \$9.99 Kindle, or available in bulk quantities at a wholesale price. Just contact me at craig@hane.com or phone at 812.332.8179.

Quick Summary:

#1 This is for post-elementary students who have learned the decimal number system. How to count and do basic arithmetic and how to express numbers in the decimal system. Most parents can teach a Student this, and Dr. Del's free Uncle Jack Videos will help a parent do this.

#2 There are Four Essential Ingredients of an Optimal 21st Century Math Education which any Homeschool Parent can easily use Today in this 21st Century to teach any Student the Math appropriate for the Student.

A Parent will learn all about a Six Tier Online Math Program to teach a Student Math while being the Coach working with the Online Teacher. The Parent/Coach does not need to know the Math. This is All explained in the book.

- The Four Essential Ingredients are explained in Part 1's four chapters.
- How to convert a Struggling Student to a Successful Student is explained in Part 2's four Chapters.
- How to teach Successful Students properly is explained in Part 3's four Chapters.
- Non-College bound Students in Part 4.
- College bound Students in Part 5. "College with No Debt" is Chapter 5.3
- How STEM Students should be taught Math with the amazing Free 21st Century Tool, Wolfram Alpha, which transforms how advanced STEM Math is learned and practiced, is explained in depth in Part 6. It's a Miracle!
- Part 7 teaches a student how to "Invest in Yourself " to become financially self-sufficient. This is one Key to "College with No Debt". Believe it or not!
- "Math Proves God Exists" is demonstrated in two videos by Dr. Del in Part 8 as an application of 21st Century Science and Math. Really cool!

Special Offers worth much more than \$29 for Parents of any Math Student!
