

## A Business Opportunity

Dear name

When you complete this Practical Math program you may qualify for a business opportunity that will require no investment other than a little bit of your time to get started.

Essentially you'll be helping me spread the word by giving away a Free Gift, Tier 1, on How to Master the TI-30XA Scientific Calculator.

That's all! Glve a Free Gift to any Teenage Student!

Then when someone who has received Your Free Gift and used it and then goes ahead and purchases additional products from Triad Math you will receive a commission. It's called an Affiliate Program.

I'm guessing that One of you is going to figure out some clever way to spread the word widely and if you do so successfully you could actually end up making a great deal of money.

If you're interested contact me and we'll have a Zoom meeting and discuss it to be sure you fully understand it, and your parents approve if you are under 18 years old.

Best wishes for your future success.

Craig Hane, Ph.D. aka Dr. Del

Founder and CEO
