Zohran, Do You believe, like I do, that Both You and DJT would like to make New York City, NYC, a much better place for Young Adults to have a better life economically.?

One way will be some of the things you will try, and perhaps succeed in doing, like Rent Control, Better Food, Free Buses, etc. All Huge challenges that may be out of Your Control.

Another way will be to help empower Young Adults to earn more money doing things they like better than an ordinary job.

That is what I can help you with, Big Time.

How can we do this working together?

Simply You tell them about the Triad Math Army, TMA, and send them to the Webpage: www.TriadMathInc.com/TMA

There they will get to join the TMA for Free for 30 days and get many great benefits, and then IF they want to Learn and Work they can improve their lives immediately and earn more money simply helping others and giving away a free gift, and in the longer run get a much better higher paying career, thanks to Practical Math and the Wisdom Tools.

I would love to talk with You or any of your staff members on how you can promote this program starting immediately. Indeed, I will give you several Lifetime TMA Memberships to evaluate this program by some folks you trust.

I believe that we can improve the lives of many of the young adults who voted for you as you may learn. And, this is what will make NYC even greater.

I'm pretty sure DJT will thank you and help you in your efforts.

We need to reunite the two parties if the USA is going to improve and achieve its true potential.

I believe You can do on the Left what DJT is doing on the Right.

IF you are successful, THEN I believe you may lead the Democratic Party.

Best wishes for your success.

Golden Rule.
